

Standardization in the Nano-Field For the Common Good?

May 19, 2017 | University of Vienna

NIG, Seminar Room 3B, 3rd floor, Universitätsstr. 7, 1010 Vienna

- 09.45 **Welcome Address**
- 10.00 **Angela Kallhoff** (Vienna):
Standardization: Implicitly Normative Orders?
- 10.30 **Henk de Vries** (Rotterdam):
Standardization: Enabler for Innovation
- 11.15 **Knut Blind** (Berlin):
Research and Standardization in Nanotechnology
- 14.00 **Fern Wickson** (Tromsø):
**Are International Standards for Nanosafety
Research Responsible?**
- 14.45 **Thomas Jaeger** (Vienna):
**Standardization as a Necessary Nuisance:
Functioning and Pitfalls from a Legal Perspective**
- 16.00 **Karsten Fischer** (Munich):
**Common Good and Civic Spirit:
Political Key Concepts in Past and Present**
- 16.45 **Discussion**

Organization:

Angela Kallhoff and Claudia Schwarz-Plaschg (Research Platform Nano-Norms-Nature, University of Vienna)
in collaboration with Iris Eisenberger (University of Natural Resources and Life Sciences, Vienna)
