 (Name der Umfrage)

Verwendete Werte in der Profillinie: Mittelwert

1. University wide section

2. Questions by director of studies programme

3. Open questions

^{3.1)} I have the following additional comments about the course:

Very interesting content + very well course structure
Good mixture between lecture and student participation

Cool course! There should be more seminars with small groups.

Sometimes we would need more time for discussion about some topics, maybe we could be more flexible with the schedule

^{3.2)} I have the following additional comments about the lecturer:

Very good scientist! Good to have him at the department
