Education

- 2019–2023 **Universität Wien**, Vienna, PhD in mathematics. Supervisor: Nathanaël Berestycki.
2017–2019 **Sorbonne Université**, Paris, M2 in probability.
2015–2019 **ENS Ulm**, Paris, Major in mathematics.
2012–2015 **Lycée du Parc**, Lyon, Preparatory classes.

Experience

- Spring 2020 **Teaching**, *Exercice classes of the course "Advanced Probability Theory" given by N. Berestycki.*
Summer 2018 **Internship in UTokyo**, *7-week Operator Algebra internship with professor Yasuyuki Kawahigashi.*
Summer 2018 **St Flour Summer school**, *12-day probability summer school.*
April–Sept. 2018 **Master thesis**, *Master thesis with Justin Salez about the random transposition shuffle.*
Sept. 2017–
-June 2018 **Colles at Lycée Henri IV**, *Oral math teaching to 1st-year university students.*
Feb.–July 2017 **Internship in UTokyo**, *5-month PDE internship with professor Hiroshi Matano.*
Feb.–July 2016 **Silver Medal at ITYM**, *Team leader of a high-school team (Henri IV) at TFJM² and ITYM.*

Publications

Limit profile for random transpositions, *Ann. Probab.*, to appear. [Latest version](#)
