

Call for Papers

The organizing committee Prof. Dr. T. Gehrig (Univ. Wien), Prof. Dr. M. Koetter (IHW Halle), Dr. T. Pausch (Deutsche Bundesbank) and Prof. Dr. P. Welzel (Univ. Augsburg) invite young academics (Ph.D. students and postdocs) dealing with theoretical or theoretically founded empirical research on banks and financial markets to submit a paper or a project outline for presentation at the

9th Workshop on “Banks and Financial Markets”

taking place November 14th - 15th, 2019 at the University of Vienna’s Department of Finance. Papers that examine competition between financial intermediaries, the risk taking of individual banks, the stability of the financial sector and its regulation are of particular interest.

The workshop aims at linking young economists interested in related topics. It provides a platform to exchange ideas and discuss recent contributions. Presentations, assigned comments and general discussions create an inspiring setting.

Submissions should be sent electronically to David Pothier (david.pothier@univie.ac.at) until September 30th, 2019. Notifications of paper acceptances or rejections can be expected by mid-October.

Under the code “Banken und Finanzmärkte” you have access to a contingent of rooms at
